# BROILER HOUSE EQUIPMENT

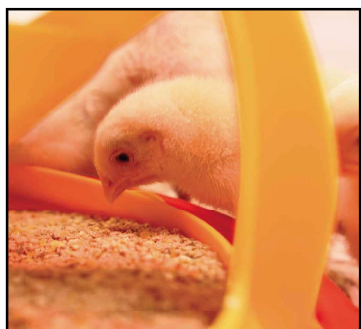

## FEEDING SYSTEM

Centralized regulation of the levels.

Wide access to the feed

It can feed day-old chicks.

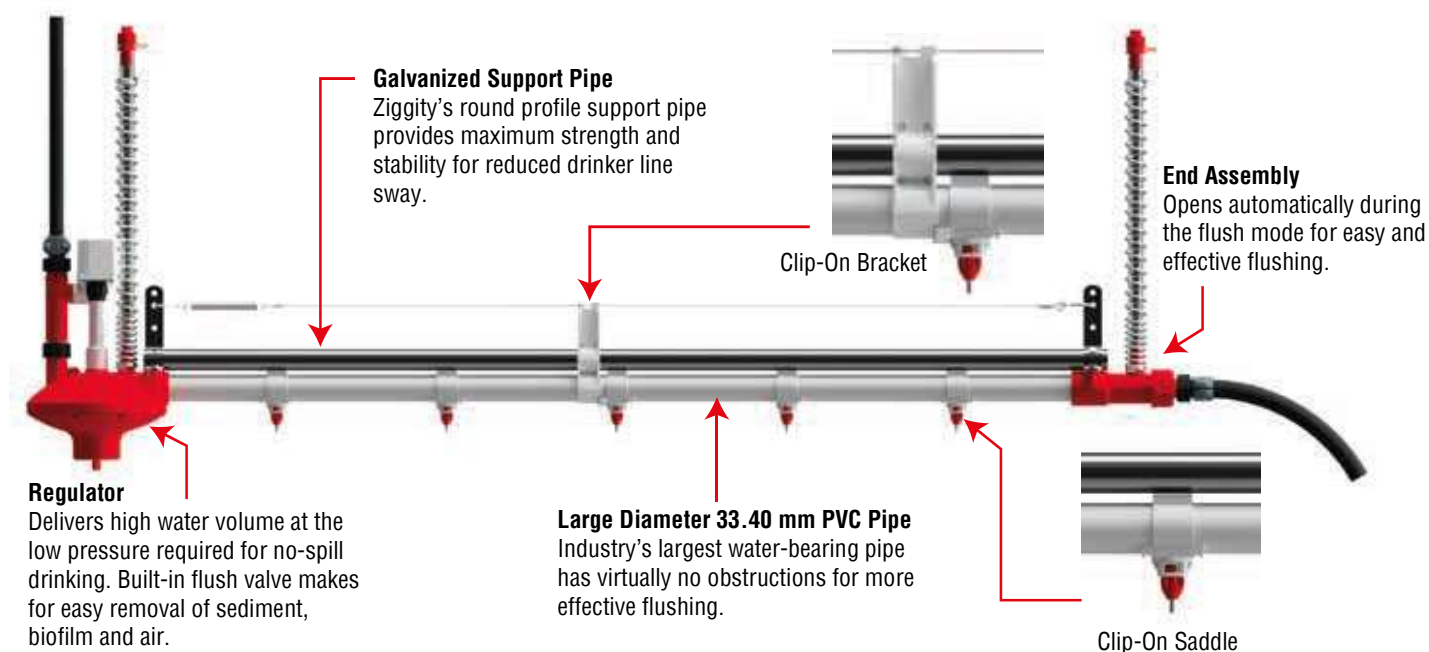

Anti-waste.

Quick assembling and dismantling.

## WATERING SYSTEM

TL Max3

Active Max3

### Max3 drinkers for broilers are available in two models :

TL drinkers for Ziggity twin lock systems, and Active drinkers for single/J-Lock systems. Both TL and Active Max3 drinkers are easy to install and are built with high-quality components.

### Max 3 Drinker Benefits

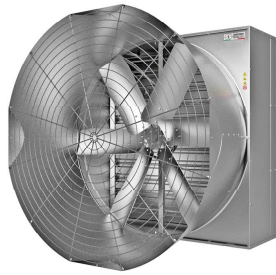

- Concave trigger pin for easy bird activation.
- Corrosion-resistant stainless steel components for long life.
- Hardened stainless steel insert helps prevent drinker wear.
